Additional Options

- Stainless lock model available

Stainless Lock Model

Key Features

- Convection cooling system provides a quick cool down and consistent temperature
- Extended lower interior maximizes storage options
- Black interior
- LowE coated, argon gas filled, dual thermopane glass door provides protection from harmful UV Light
- Stainless steel full-wrap door and handle (7/8" diameter)
- Stainless steel grille (stainless model), black metal grille (integrated models)
- Two, three-quarter extension, black wine racks
- Two adjustable tempered glass shelves
- Digital touch pad control
- Temperature range: 34°F to 60°F
- Bright white LED lighting
- Volume of 5.5 cu ft holds up to 16 wine bottles (750 ml), and 85 bottles (12 oz) or 105 cans (12 oz)
- Integrated model requires 3/4" custom door panel and handle (not supplied by U-Line)
- Field reversible door is shipped right-hand hinged
- Built-in or freestanding
- Four adjustable leveling legs

Back

Cabinet Cut-Out

Installation Notes

- 24" cutout width sufficient if door protrudes beyond adjacent cabinetry
- No additional clearance is needed for ventilation
- Do not obstruct front grille air flow

Integrated Panel Dimensions

INTEGRATED PANEL

NOTICE

Due to differences in surrounding cabinetry the panel may not perfectly align with door. The procedure below is designed to provide a finished integrated panel that seamlessly integrates with surrounding cabinetry.

The door panel must not weigh more than 20 lbs (10 kg).

It is important to ensure that all drilled holes are drilled to the correct depth in order to avoid splits in the wood when hardware is installed.

When applying an integrated panel to a unit, ensure that both sides are finished in order to prevent warping. In some panel installations, the panel may be visible through the glass while the door is open.

A full integrated door panel completely covers the door frame and provides a built-in appearance.

Integrated Panel Preparation

1. Cut the panels to the dimensions listed in the diagram below.

2. Optional: Stain or Finish panel to desired stain or color. Be sure to closely follow the instructions provided by the manufacturer.

3. Optional: Install handles and hardware.

DIMENSION / CLEARANCES

DIMENSIONS

Product (WxHxD)	27" x 74 3/8" x 32 3/4"
Depth with Door Open	57 1/2"
Carton Dimensions (WxHxD)	29 1/4" x 77 1/2" x 33 1/4"
Approx. Weight (Product / Carton)	353.0 lbs / 380.0 lbs

DIMENSION / CLEARANCES

To ensure sufficient clearance for water inlet hoses, drain hose and airflow, allow minimum clearances of at least 1" (2.5 cm) at the sides and 4" (10 cm) behind the appliance. Be sure to allow for wall, door, or floor moldings that may increase the required clearances.

DIMENSION / CLEARANCES

Closet Ventilation Requirements

Closets with doors must have both an upper and lower vent to prevent heat and moisture buildup in the closet. One upper vent opening with a minimum opening of 48 sq. in. (310 cm²) must be installed no lower than 6 feet above the floor. One lower vent opening with a minimum opening of 24 sq. in. (155 cm²) must be installed no more than one foot above the floor. Install vent grills in the door or cut down the door at the top and bottom to form openings. Louvered doors with equivalent ventilation openings are also acceptable.

CONNECTING THE WATER INLET HOSE

- Check the fittings and seals. Inspect the threaded fitting on each hose and make sure there is a rubber seal ❶ in place in both ends of each hose to prevent leaking.
- Connect the water inlet hoses to the hot and cold water faucets tightly by hand and then tighten another 2/3 turn with pliers.
- Connect the blue hose to the cold water faucet and the red hose to the hot water faucet.

- ❶ Terminal Block Access Panel
- ❷ Dryer Drain Outlet (behind stacking bracket)
- ❸ Hot and Cold Water Inlets
- ❹ Shipping Bolts
- ❺ Drain Hose (for Washer)
- ❻ Power Cord (for Washer)

Unbranded Model: 8212526

Washer Drip Tray

Color Other

Product Description

This Washer Drip Trap is large enough for duet washers and sits under the washer to protect your floors from scuffs and small leaks, reducing the amount of water damage from broken hoses. Includes a PVC drain fitting. This is an accessory that can be used with several brands; check to see if your model number is compatible. Installing this accessory will require basic hand tools and novice installation experience. Remember to unplug the washer or shut off the house circuit breaker before installing this part. You should also shut off the washer's hot and cold water supply before replacing this part. We also recommend using affresh® Washing Machine Cleaner (item W10501250) once a month to help reduce odor-causing residue that can build up in your washing machine's drain without proper care. *affresh® brand products are owned and distributed by Whirlpool Corporation.

Panel Planning Notes

Single Model: CL4850UFD/O

The flush inset application is an overlay model with flush inset panels. It is not a separate model.

The flush inset design allows custom panels to be installed flush with adjacent cabinets. Similar to overlay, flush inset panels are typically created by combining a 3/4" (19) custom panel, a .10" (3) spacer panel and a 1/4" (6) backer panel.

For flush inset panels thicker than 3/4" (19), a 90° door stop may be required to prevent interference with adjacent cabinets.

FEATURES

Cove's new advanced wash system drives three powerful spray arms, 45 spray jets, and a fine-mesh filter that removes food and grease and circulates clean water

Every glass, dish, and utensil comes out spotless and dry thanks to the hot rinse and fan assist

Whisper-quiet operation means you can keep the conversation flowing while running a load of dishes

Quality and aesthetics meet in a striking stainless-steel interior with a clean, fastenerless design

12 wash cycles and 6 add-on options can be mixed and matched, allowing you to personalize cleaning to your needs

Offers infinite interior variations to meet your dishwashing needs; height-adjustable middle rack and fold-down tines accommodate large pots and tall items

Loading and unloading is easy with interior LED lights that aid in visibility

Stainless or panel-ready options complement any décor and coordinate perfectly with other Sub-Zero and Wolf appliances

Dishwasher disappears into the kitchen with hidden control panel and discreet status light

With our convenient Owner's App, you can remotely start or monitor a cycle, receive alerts when rinse aid is low—even set up auto-replenishment

Cove's leak protection system offers peace of mind in the rare event of a leak. A conductivity sensor in the base of the unit will automatically stop a cycle in progress if it detects a leak

PLUMBING

COVE OPENING WIDTH Cove dishwashers accommodate varying opening widths. A 23 5/8" (60 cm) width provides minimum reveals and is ideal for new construction. A 24" width is also common; however, reveals for a 24" opening will be larger than the reveals for a 23 5/8" opening unless the panel width is adjusted accordingly. 24" and 60 cm stainless steel panels are available and must be specified accordingly.

PANEL SPECIFICATIONS For complete panels specifications including width/height, weight requirements and thickness requirements visit subzero-wolf.com/reveal.

DIMENSIONS

*33 3/4" (857) MIN TO 34 3/4" (883) MAX

60 CM INSTALLATION

NOTE: 3 1/2" (89) finished returns will be visible and should be finished to match cabir

DW2451

FEATURES

Cove's new advanced wash system drives three powerful spray arms, 45 spray jets, and a fine-mesh filter that removes food and grease and circulates clean water

Every glass, dish, and utensil comes out spotless and dry thanks to the hot rinse and fan assist

Whisper-quiet operation means you can keep the conversation flowing while running a load of dishes

Quality and aesthetics meet in a striking stainless-steel interior with a clean, fastenerless design

12 wash cycles and 6 add-on options can be mixed and matched, allowing you to personalize cleaning to your needs

Offers infinite interior variations to meet your dishwashing needs; height-adjustable middle rack and fold-down tines accommodate large pots and tall items

Loading and unloading is easy with interior LED lights that aid in visibility

Stainless or panel-ready options complement any décor and coordinate perfectly with other Sub-Zero and Wolf appliances

Dishwasher disappears into the kitchen with hidden control panel and discreet status light

With our convenient Owner's App, you can remotely start or monitor a cycle, receive alerts when rinse aid is low—even set up auto-replenishment

Cove's leak protection system offers peace of mind in the rare event of a leak. A conductivity sensor in the base of the unit will automatically stop a cycle in progress if it detects a leak

DW2451: Panel Specs Only, Custom Panel, 23 5/8" (60cm) Install

Specifications:

Panel Specifications

Panel Planning Notes

DW2451

24" Dishwasher - Panel Ready

Panel Specifications

Single Model: DW2451

PANEL	WIDTH	HEIGHT	MIN THICKNESS	MAX WEIGHT
Door	23 ³ / ₈ "	30 ³ / ₈ "	¹ / ₂ "	20 lbs

Panel Planning Notes

Single Model: DW2451

The thickness of the custom panel can vary. A minimum 1/2" (13) thick panel is required, but the thickness can be increased provided it does not exceed the 20 lb weight limit (less than 18 lb is optimal).

The depth of each dishwasher is 23 1/4" (591). Allow for panel thickness when planning the finished opening depth.

Finish all sides of custom panels. They will be visible when the door is open.

The panel dimensions are based on a 34 1/2" (876) opening, with a 4" (102) toe kick and 1/8" (3) top reveal. For all other opening and toe kick heights, adjust the panel accordingly. The minimum panel height is 28" (711). The minimum toe kick height is 4" (102).

Stainless steel tubular and pro handles are available through an authorized Sub-Zero dealer.

FEATURES

Breathe cleaner air and enjoy less greasy residue in your kitchen

Pair with pro power for custom vent needs

Conceal the ventilation with custom cabinetry

Adjust as needed with recessed controls that provide a sleeker look, yet maintain ultimate blower control

Matches the same heavy-duty stainless-steel construction, hand-finished hemmed edges, and welded seams of all Sub-Zero, Wolf, and Cove products

Select from internal, in-line, or remote blower options (blower required)

Illuminates your cooking area with LED lighting with two brightness settings

Rely on a heat sentry that automatically turns on the blower or increases its speed when exhaust temperatures exceed 200 degrees Fahrenheit

Minimizes the backward flow of cold air with backdraft transition
